The boy, Laurence Howard, was reminded that he "had been pinched before and if taken in the fine would be \$25." But the outgrown clothing and bed clothing is to be given away to the needy, not only through the Christmas week, but whenever it can be obtained. Much of such clothing has already been distributed but much more is needed. It is especially desired that it be sent to the headquarters. Usually the army officers call for it but they are so busy just now with preparations for Christmas that they will be unable to do so.

## AMUSEMENTS

**His Captive at Amuzu**  
Amuzu, the great actor, who takes today a participation of the west, when the screen serves "His Captive." It deals with a father who is a cattle rustler and who, not knowing his own daughter, kidnaps her and her subsequent rescue by her sweetheart. The story, while typically western, is strong dramatically. "His Captive" is red blooded and at the same time very lifelike. Has he taken some lovely picture?
